

Pella® Lifestyle Series

#1 performing wood window and patio door
for the combination of energy, sound and value.¹

Aluminum-Clad Wood Windows & Patio Doors

Pella® Lifestyle Series

Black fixed casement windows with grilles-between-the-glass allow in an abundance of natural light.

Why You Can Trust Pella.

At Pella, we don't just create windows and doors. We innovate with purpose, design with passion, build with integrity and deliver with pride.

Rated #1 by homeowners for innovation²

We are continually striving to improve what we do and how we do it. That drive has earned us 150 patents and counting for amazing innovations. In 1925 we opened our doors with the patented Rolscreen® retractable screen, a time-tested innovation that is still one of our most desired features today.

Rated #1 by homeowners for highest quality²

We make products specifically for you and your comfort with meticulous care and attention. Our wood craftsmen have been honing their skills, on average, for over 14 years – that's longer than it takes most to earn their PhD. And it doesn't stop there. Our product designs are tested to extremes, so you can trust them to perform. Doors are opened and closed 100,000 times, and double-hung and casement windows are tested at least 6,000 times.

#1 Limited Lifetime Warranty for wood windows and patio doors³

You can feel confident in your investment. We pride ourselves on providing exceptional quality, exceeding expectations and going beyond requirements. That's why we stand behind all of our products with a limited lifetime warranty.⁴

¹ Performance solutions require upgrades to triple-pane, AdvancedComfort Low-E and mixed glass thickness. Based on comparing product quotes and published STC/OITC and U-Factor ratings of leading national wood window and patio door brands.

² Study of homeowner perceptions of leading national brands. Study commissioned by Pella, 2019.

³ Based on comparing written limited warranties of leading national wood window and wood patio door brands. See written limited warranties for complete details, including exceptions and limitations, at pella.com/warranty, or contact Pella Customer Service.

Beautiful Wood Designs

A Black interior finish on Pella® Lifestyle Series fixed windows and sliding patio door create a bold contrast to the light interior walls.

Why Choose Wood?

Get the beauty and warmth of natural wood, our most customizable designs and exceptional energy efficiency. All Pella wood products are made with high-quality wood, metal and manufacturing processes, regardless of the product line.

Exclusive Wood Protection.

Pella's exclusive EnduraGuard® wood protection is applied after the pieces have been cut and milled, but prior to final assembly, providing advanced protection against the elements.

Designed for Long-Lasting Durability.

Intentional jamb-on-sill design helps seal the end grain of the wood and elevates it off the rough opening, reducing the potential to absorb moisture. For added strength and durability, our three-way corner joints are made up of mortise-and-tenon, metal fasteners and commercial adhesive.

Quality Exterior and Interior Finishes.

Aluminum-clad exteriors feature through-stile construction for exceptional durability and EnduraClad® finishes that resist chalking and fading. Interiors can be factory prefinished to save time. Finish is applied prior to final assembly and kiln-cured for a quality finish.

Solutions for Real Life

- Four optional performance packages
- Integrated blinds and shades for added privacy

² Window energy efficiency calculated in a computer simulation using RESFEN 6.0 default parameters for a 2000 sq. foot new construction single-story home when Pella Lifestyle Series windows with the respective performance package are compared to a single-pane wood or vinyl window. Double-hung windows are not available with triple-pane glass. The energy efficiency and actual savings will vary by location. The average window energy efficiency is based on a national average of 94 modeled cities across the country and weighting based on population. For more details see pella.com/methodology.

³ Reduction in sound based on OITC ratings of Pella Lifestyle Series windows with respective performance package compared to a single-pane wood or vinyl window with an OITC of 19. Calculated by using the sound transmission loss values in the 80 to 4000 Hz range as measured in accordance with ASTM E-90(09). Actual results may vary.

⁴ Available on triple-pane products only.

Noise reducing windows for a healthier home.

Varying glass thicknesses disrupt sound waves and help give you exceptional sound control. With available performance options, they cancel 52% more indoor and outdoor noise than standard single-pane windows.³

Increased privacy and security.

Integrated blinds and shades were intentionally designed to be accessible.⁴ They are tucked between panes of insulating glass and protected from dust, pets and little hands. Available manual or motorized with Pella Insynctive® technology.

Trusted innovations.

Pella® Lifestyle Series windows and patio doors with integrated blinds and shades have been recognized by Parents for Window Blind Safety and have been certified as Best for Kids. Certain triple-pane products with the Sound Package have been awarded the Quiet Mark Certification in recognition of outstanding acoustic performance – Pella is the first U.S. window manufacturer to be awarded this seal.⁵
